

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1-9. (Canceled)

10. (Previously presented) A method for presenting information to an audience, said method comprising the steps of:

processing at least one of an audio and video signal generated by an audio/visual capture device focused on said audience to determine how quickly said audience is changing over time; and

selecting a duration of said presented information based on said determination of how quickly said audience is changing.

11. (Original) The method of claim 10, further comprising the step of evaluating how quickly said audience is changing for a given demographic segment.

12. (Original) The method of claim 10, wherein information of a shorter duration is selected if a rate of change of said audience is below a predefined threshold.
